

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nathan Raders  
DOCKET NO.: 22-01878.001-R-1  
PARCEL NO.: 10-25-116-002

The parties of record before the Property Tax Appeal Board are Nathan Raders, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,166  
**IMPR.:** \$88,410  
**TOTAL:** \$110,576

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of vinyl siding exterior construction<sup>1</sup> with 2,188 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement with 190 square feet of finished area, central air conditioning, a fireplace, a 420 square foot garage, and an inground swimming pool. The property has an approximately 8,400 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject and within 0.21 of a mile from the subject. The comparables are improved with 2-story homes ranging in

size from 2,116 to 2,202 square feet of living area. The dwellings were built from 1987 to 1989. Each home has a basement, central air conditioning, and a 420 square foot garage. Seven homes each have a fireplace. The comparables have improvement assessments ranging from \$74,260 to \$80,789 or from \$34.19 to \$36.82 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,576. The subject property has an improvement assessment of \$88,410 or \$40.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject and from 0.27 to 0.80 of a mile from the subject. The comparables are improved with 2-story homes of vinyl siding exterior construction with 2,188 square feet of living area. The dwellings were built from 1988 to 1993. Each home has a basement, three of which have 531 or 538 square feet of finished area, central air conditioning, and a 420 square foot garage. Four homes each have one or two fireplaces. Comparable #1 has an inground swimming pool. The comparables have improvement assessments ranging from \$84,751 to \$92,656 or from \$38.73 to \$42.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen equity comparables for the Board's consideration, which are similar to the subject in dwelling size, age, location, and some features, although only one comparable has an inground swimming pool like the subject, suggesting upward adjustments to the other comparables would be needed to make them more equivalent to the subject. The comparables have improvement assessments that range from \$74,260 to \$92,656 or from \$34.19 to \$42.35 per square foot of living area. The subject's improvement assessment of \$88,410 or \$40.41 per square foot of living area falls within the range established by the best comparables in this record, and appears to be supported after considering adjustments to the comparables for differences from the subject, including inground swimming pool amenity. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
