

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Kasamis
DOCKET NO.: 22-01882.001-R-1
PARCEL NO.: 10-27-101-003

The parties of record before the Property Tax Appeal Board are Douglas Kasamis, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,664
IMPR.: \$176,215
TOTAL: \$211,879

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,304 square feet of living area. The dwelling was constructed in 1994. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 1,410 square feet of building area. The property has an approximately 43,390 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject and within .47 of a mile from the subject property. The parcels range in size from 45,268 to 49,702 square feet of land area and have land assessments ranging from \$35,650 to \$37,251 or from \$0.75 to \$0.79 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$211,879. The subject property has a land assessment of \$35,664 or \$0.82 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and within .16 of a mile from the subject property. The parcels range in size from 40,170 to 45,600 square feet of land area and have land assessments ranging from \$33,019 to \$35,946 or from \$0.79 to \$0.82 square feet of land area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen land equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3, #6, #7, #8, #10 and #12 along with board of review comparables #4 and #5, due to their dissimilar lot sizes when compared to the subject.

The Board finds the best evidence of land assessment equity to be the appellant's comparables #1, #2, #4, #5, #9 and #11 along with board of review comparables #1, #2 and #3, which are relatively similar to the subject in location and lot size. These comparables have land assessments that range from \$35,650 to \$36,228 or from \$0.77 to \$0.82 per square foot of land area. The subject's land assessment of \$35,664 or \$0.82 per square foot of land area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
