

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judy Alberts
DOCKET NO.: 22-01884.001-R-1
PARCEL NO.: 10-34-305-001

The parties of record before the Property Tax Appeal Board are Judy Alberts, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,387
IMPR.: \$151,959
TOTAL: \$195,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick and stucco exterior construction with 3,866 square feet of living area. The dwelling was constructed in 2003. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 1,200 square feet of building area. The property has an approximately 99,450 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject and from .10 of a mile to 1.33 miles from the subject property. The parcels range in size from 95,396 to 102,793 square feet of land area and have land assessments ranging from \$22,905 to \$42,014 or from \$0.23 to \$0.44 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$195,346. The subject property has a land assessment of \$43,387 or \$0.44 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within .98 of a mile from the subject property with two comparables being located in the same assessment neighborhood code as the subject. The parcels range in size from 64,310 to 96,690 square feet of land area and have land assessments ranging from \$39,060 to \$94,391 or from \$0.43 to \$1.06 square feet of land area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten land equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #4 as well as board of review comparables #1 and #2, due to their dissimilar lot sizes when compared to the subject and/or the location of over one mile away from the subject property.

The Board finds the best evidence of land assessment equity to be appellant's comparables #1, #2, #3 and #5 along with board of review comparables #3, #4 and #5, which are relatively similar to the subject in location and lot size. These comparables have land assessments that range from \$22,905 to \$90,037 or from \$0.23 to \$1.00 per square foot of land area. The subject's land assessment of \$43,387 or \$0.44 per square foot of land area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
