

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Chambers
DOCKET NO.: 22-01895.001-R-1
PARCEL NO.: 11-10-406-007

The parties of record before the Property Tax Appeal Board are Steve Chambers, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,745
IMPR.: \$72,303
TOTAL: \$125,048

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of wood siding exterior construction with 1,308 square feet of above ground living area. The dwelling was constructed in 1961.¹ Features of the home include a finished lower-level, central air conditioning, an attached garage containing 440 square feet of building area and a detached garage containing 576 square feet of building area. The property has a 20,002 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject and within .32 of a mile from the subject property. The parcels range in size from 20,141 to 20,809 square feet of land area and have land assessments of \$39,560 or ranging from \$1.90 to \$1.96 per square foot of land area.

¹ The Board finds the best description of the subject property was found in the property record card provided by the board of review and was not refuted by the appellant.

Based on this evidence, the appellant requested a reduce land assessment of \$39,004 or \$1.95 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,048. The subject property has a land assessment of \$52,745 or \$2.64 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and within .04 of a mile from the subject property. The parcels range in size from 20,000 to 21,140 square feet of land area that have land assessments of \$52,745 or ranging from \$2.50 to \$2.64 square feet of land area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen land equity comparables for the Board's consideration. The comparables have the same assessment neighborhood code as the subject property and have varying degrees of similarity to the subject in land area. The comparables have land assessments of \$39,560 and \$52,745 that range from \$1.90 to \$2.64 per square foot of land area. The subject's land assessment of \$52,745 or \$2.64 per square foot of land area is at the high-end range on both an overall land assessment and a per square foot basis of the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
