

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandia Kuu
DOCKET NO.: 22-01899.001-R-1
PARCEL NO.: 11-07-402-033

The parties of record before the Property Tax Appeal Board are Sandia Kuu, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,538
IMPR.: \$109,816
TOTAL: \$164,354

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,500 square feet of living area. The dwelling was constructed in 1988. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage containing 400 square feet of building area. The property has a 10,518 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the same assessment neighborhood code as the subject and within .29 of a mile from the subject property. The parcels range in size from 11,251 to 12,071 square feet of land area and have land assessments of either \$49,085 or \$54,538 and ranging from \$4.27 to \$4.64 per square foot of land area.

Based on this evidence, the appellant requested a reduce land assessment of \$48,278 or \$4.59 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$164,354. The subject property has a land assessment of \$54,538 or \$5.19 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and within .41 of a mile from the subject property. The parcels range in size from 9,995 to 10,400 square feet of land area that have land assessments of \$54,538 or ranging from \$5.24 to \$5.46 per square foot of land area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen land equity comparables for the Board's consideration. The comparables have the same assessment neighborhood code as the subject property and have varying degrees of similarity to the subject in land area. The comparables have land assessments of either \$49,085 or \$54,538 that range from \$4.27 to \$5.46 per square foot of land area. The subject's land assessment of \$54,538 or \$5.19 per square foot of land area is similar to other comparables on a land assessment and within the range on a per square foot basis. Based on this record, while the assessing officials may be assessing land in a particular metric such as site basis or stratified by lot size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
