

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peg Wolfe  
DOCKET NO.: 22-01901.001-R-1  
PARCEL NO.: 11-13-201-136

The parties of record before the Property Tax Appeal Board are Peg Wolfe, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,757  
**IMPR.:** \$44,897  
**TOTAL:** \$62,654

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,437 square feet of living area. The dwelling was constructed in 1992. Features of the home include central air conditioning, a fireplace and a 200 square foot garage. The property is located in North Chicago, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same assessment neighborhood code as the subject and within .14 of a mile from the subject property. The comparables are improved with 1-story dwellings of frame exterior construction that each contain 1,437 square feet of living area that that were built in 1992. The appellant reported that each comparable has central air conditioning and a garage containing 200 square feet of building area. Three comparables each have one fireplace. The comparables sold from July 2020 to September 2021 for prices ranging from \$176,000 to \$189,900 or from \$122.48 to \$132.15 per

square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,654. The subject's assessment reflects a market value of \$187,981 or \$130.81 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. Comparables #3 and #4 are the same properties as the appellant's comparables #4 and #3, respectively. The comparables are located in the same assessment neighborhood code as the subject and within .10 of a mile from the subject property. The comparables are improved with 1-story dwellings of frame exterior construction each containing 1,437 square feet of living area that were built in 1992. Each comparable has central air conditioning, one fireplace and a garage containing 200 square feet of building area. Comparable #1 has an unfinished basement. The comparables sold from July 2020 to May 2022 for prices ranging from \$184,000 to \$245,000 or from \$128.04 to \$170.49 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration with two comparables being common to the parties. The Board has given less weight to the common comparables which sold less proximate in time to the assessment date than the other comparables in this record. The Board gave reduced weight to board of review's comparable #1 due to its unfinished basement when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables. The Board finds that these comparables sold more proximate in time to the assessment date and are similar to the subject in location and some features but identical to the subject in design, age, and dwelling size. These comparables sold from February 2021 to April 2022 for prices ranging from \$176,000 to \$220,100 or from \$122.48 to \$153.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$187,981 or \$130.81 per square foot of living area, including land, which falls within the range of the best comparable sales in the

record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
