

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Kouzoukas
DOCKET NO.: 22-01912.001-R-1
PARCEL NO.: 11-14-301-009

The parties of record before the Property Tax Appeal Board are John Kouzoukas, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$74,623
IMPR.: \$78,661
TOTAL: \$153,284

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a site with 90,393 square feet of land area that is improved with a two-story dwelling of brick construction containing 2,817 square feet of living area. The dwelling was built in 1976. Features of the home include a basement, central air conditioning, three fireplaces, and an attached garage with 594 square feet of building area. The property is in Green Oaks, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the land assessment as the basis of the appeal; the appellant is not contesting the improvement assessment. In support of this argument the appellant submitted information on twelve equity comparables each improved with a single-family dwelling. The comparables have sites ranging in size from 87,706 to 94,894 square feet of land area. These comparables have the same assessment neighborhood code as the subject and are located from .09 to .52 of a mile from the subject property. The comparables

have land assessments ranging from \$45,968 to \$65,668 or from \$.49 to \$.75 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$64,631.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$153,284. The subject property has a land assessment of \$74,623 or \$.83 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables each improved with a single-family dwelling. The comparables have sites ranging in size from 79,866 to 90,385 square feet of land area. These comparables have the same assessment neighborhood code as the subject and are located from .22 to .31 of a mile from the subject property. The comparables have land assessments of either \$65,668 or \$74,623 or from \$.82 to \$.90 per square foot of land area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seventeen comparables to support their respective positions. The comparables have the same assessment neighborhood code as the subject property and are located within .52 of a mile from the subject property. The comparables have sites that vary in size from 79,866 to 94,894 square feet of land area. These properties have land assessments ranging from \$45,968 to \$74,623 or from \$.49 to \$.90 per square foot of land area. The subject, with 90,393 square feet of land area, has a land assessment of \$74,623 or \$.83 per square foot of land area. Four of the comparables submitted by the board of review have land assessments of \$74,623 or from \$.83 to \$.90 per square foot of land area. The subject's land assessment falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
