

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Murphy  
DOCKET NO.: 22-01923.001-R-1  
PARCEL NO.: 11-18-207-018

The parties of record before the Property Tax Appeal Board are Christopher Murphy, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$52,218  
**IMPR.:** \$161,141  
**TOTAL:** \$213,359

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 3,338 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 700 square feet of building area. The property has a 15,396 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .26 of a mile of the subject and within the subject's assessment neighborhood.<sup>1</sup> The comparables consist of two-story dwellings of frame or frame and brick exterior construction ranging in size from 3,054 to

3,496 square feet of living area. The homes were built in either 1997 or 1998. Each dwelling has central air conditioning, a fireplace, a basement with one having finished area,<sup>2</sup> and a garage containing either 462 or 506 square feet of building area. The parcels range in size from 10,411 to 19,804 square feet of land area. The comparables sold from March 2021 to March 2022 for prices ranging from \$627,000 to \$645,000 or from \$184.50 to \$209.56 per square foot of living area, including land. The appellant also submitted a Multiple Listing Service sheet for comparable #4, noting that this property has been recently renovated. Based on this evidence, the appellant requested a reduced assessment of \$204,710, for an estimated market value of \$614,191 or \$184.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,359. The subject's assessment reflects a market value of \$640,141 or \$191.77 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>3</sup>

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .24 of a mile of the subject and within the subject's assessment neighborhood. Comparables #2 and #4 are the same properties as appellant comparables #3 and #4, respectively. The comparables consist of two-story dwellings of frame or frame and brick exterior construction ranging in size from 3,054 to 3,562 square feet of living area. The dwellings were built from 1997 to 1999. Each dwelling has central air conditioning, one or two fireplaces, a basement with one having finished area, and a garage containing either 462 or 506 square feet of building area. The parcels range in size from 10,005 to 10,658 square feet of land area. The comparables sold from August 2019 to March 2022 for prices ranging from \$600,000 to \$657,500 or from \$184.59 to \$209.56 per square foot of living area, including land. The board of review noted that the subject has the most bathroom fixtures and largest garage of any comparable in the record. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

---

<sup>2</sup> The appellant submitted a Multiple Listing Service sheet for comparable #4, which notes this home has finished basement area.

<sup>3</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board, with two comparables being common to the parties, recognizing that the Board did not consider the appellant's comparable #1, as the appellant provided no sale data. The Board also gives reduced weight to board of review comparables #1 and #3, which sold less proximate to the January 1, 2022 assessment date at issue in this appeal.

The Board finds the best evidence of market value to be appellant's comparable sales #2 through #4 and board of review comparable sales #2 and #4, which are common comparables. These properties sold proximate to the assessment date at issue and are similar to the subject in age, location, dwelling size, and several features. These most similar comparables sold for prices ranging from \$627,000 to \$645,000 or from \$184.50 to \$209.56 per square foot of living area, including land. The subject's assessment reflects a market value of \$640,141 or \$191.77 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
