

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ling Lin  
DOCKET NO.: 22-01935.001-R-1  
PARCEL NO.: 11-29-311-032

The parties of record before the Property Tax Appeal Board are Ling Lin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,590  
**IMPR.:** \$150,681  
**TOTAL:** \$204,271

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,385 square feet of living area. The dwelling was constructed in 2000. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 612 square foot garage. The property has an approximately 9,675 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the land assessment as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject and within 0.20 of a mile from the subject. The comparables have improved sites ranging in size from 9,720 to 10,145 square feet of land area and have land assessments of \$40,830 and \$51,038 or from

\$4.04 to \$5.08 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$204,271. The subject property has a land assessment of \$53,590 or \$5.54 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on nine equity comparables located within the same assessment neighborhood code as the subject and within 0.08 of a mile from the subject. The comparables have improved sites ranging in size from 9,993 to 11,514 square feet of land area and have land assessments of \$53,590 or from \$4.65 to \$5.36 per square foot of land area. The board of review noted in the grid analysis that the subject and the board of review's comparables back to the same pond, whereas the appellant's comparables #1 through #7 back to a busy road. Based on this evidence, the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twenty-one equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #7, due to these properties backing to a busy road unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #8 through #12 and the board of review's comparables, which are similar to the subject in location and site size and do not back to a busy road. These comparables have land assessments of \$51,038 or \$53,590 or from \$4.65 to \$5.36 per square foot of land area. The subject's land assessment of \$53,590 or \$5.54 per square foot of land area falls within the range established by the best comparables in terms of total land assessment and is equal to nine of the best comparables, but falls above the range on a per square foot basis, which is logical given the subject is a smaller lot than the best comparables. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's land assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
