

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jody Arms  
DOCKET NO.: 22-01937.001-R-1  
PARCEL NO.: 11-30-311-004

The parties of record before the Property Tax Appeal Board are Jody Arms, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,246  
**IMPR.:** \$35,572  
**TOTAL:** \$51,818

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,114 square feet of living area. The dwelling was constructed in 1953. Features of the home include central air conditioning, a fireplace, and a 483 square foot garage. The property has a 7,289 square foot site and is located in Mundelein, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of frame exterior construction ranging in size from 1,060 to 1,160 square feet of living area. The dwellings were built from 1943 to 1953. Each home has a garage ranging in size from 280 to 672 square feet of building area. Nine homes have central air conditioning. The comparables have improvement assessments ranging

from \$31,124 to \$35,224 or from \$29.36 to \$30.45 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,818. The subject property has an improvement assessment of \$35,572 or \$31.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of frame exterior construction ranging in size from 960 to 1,291 square feet of living area. The dwellings were built from 1950 to 1955 with comparable #5 having an effective age of 1958. One home has a basement and three homes each have a fireplace. Each home has central air conditioning and a garage ranging in size from 288 to 928 square feet of building area. The comparables have improvement assessments ranging from \$31,252 to \$43,083 or from \$32.32 to \$33.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #7, #8 and #12, which each lack central air conditioning that is a feature of the subject. The Board also gives less weight to the board of review's comparables #2, #4, and #5, which are less similar to the subject in dwelling size and/or foundation type than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #6, #9, #10, and #11 and the board of review's comparables #1 and #3, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$31,124 to \$36,841 or from \$29.45 to \$33.07 per square foot of living area. The subject's improvement assessment of \$35,572 or \$31.93 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
