

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stan Logan
DOCKET NO.: 22-01966.001-R-1
PARCEL NO.: 12-21-304-086

The parties of record before the Property Tax Appeal Board are Stan Logan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$106,213
IMPR.: \$204,999
TOTAL: \$311,212

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,319 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement, central air conditioning, two fireplaces,¹ and a 546 square foot garage. The property has an approximately 10,002 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity concerning the land assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within 0.22 of a mile from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 10,080 to 17,206 square feet of

¹ Additional details regarding the subject are drawn from the subject's property record card presented by the board of review which were not refuted by the appellant in written rebuttal.

land area and have land assessments ranging from \$106,118 to \$110,095 or from \$6.17 to \$10.53 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$311,212. The subject property has a land assessment of \$106,213 or \$10.62 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within 0.82 of a mile, two of which are within the same assessment neighborhood code as the subject. The parcels range in size from 10,000 to 10,770 square feet of land area and have land assessments ranging from \$106,213 to \$111,708 or \$10.37 and \$10.62 per square foot of land area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparable #1, which is less similar to the subject in location and/or site size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables #2 and #3, which are more similar to the subject in site size and location. These most similar comparables have land assessments that range from \$106,118 to \$111,708 or from \$10.37 to \$10.62 per square foot of land area. The subject's land assessment of \$106,213 or \$10.62 per square foot of land area falls within the range established by the best comparables in this record and is equal to the board of review's comparable #2, which is the most similar to the subject in site size and location. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
