

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sant Singh  
DOCKET NO.: 22-01967.001-R-1  
PARCEL NO.: 12-32-309-007

The parties of record before the Property Tax Appeal Board are Sant Singh, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$87,311  
**IMPR.:** \$157,434  
**TOTAL:** \$244,745

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction<sup>1</sup> with 3,569 square feet of living area. The dwelling was constructed in 1983. Features of the home include a basement, central air conditioning, a fireplace, and a 766 square foot garage. The property has an approximately 42,907 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located from 0.10 of a mile to 1.51 miles from the subject. The parcels range in size from 22,786 to 75,394 square feet of land area and are improved with 2-story homes ranging in size from 2,944 to 4,250 square feet of living

area. The dwellings were built from 1975 to 1984, with comparable #4 having an effective age of 1990 due to rehabbing in 2016.<sup>2</sup> Each home has a basement, one of which has finished area, a fireplace, and a garage ranging in size from 572 to 1,045 square feet of building area. Four homes have central air conditioning. Comparable #4 has an indoor pool and hot tub. The comparables sold from August 2020 to November 2021 for prices ranging from \$577,000 to \$875,000 or from \$175.54 to \$227.39 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,745. The subject's assessment reflects a market value of \$734,308 or \$205.75 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>3</sup>

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.62 of a mile from the subject. The parcels range in size from 18,330 to 77,970 square feet of land area and are improved with 1.5-story or 2-story homes of wood siding, brick, or stucco exterior construction ranging in size from 3,464 to 4,246 square feet of living area. The dwellings were built from 1981 to 1990 with comparable #1 having a reported effective age of 2004. Each home has a basement, three of which have finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 657 to 959 square feet of building area. The comparables sold from April to August 2021 for prices ranging from \$950,000 to \$1,526,000 or from \$228.37 to \$378.85 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #5, which sold less proximate in time to the assessment date than the other comparables in this record. Moreover, the appellant's comparables #2, #3, and #4 differ substantially from the subject in dwelling size and/or indoor pool amenity and/or are located more than one mile from the subject. The Board gives less weight to the board of review's comparables #2 and #4, due to substantial differences from the subject in dwelling size.

<sup>2</sup> Additional details regarding comparable #4 are found in its listing sheet presented by the appellant.

<sup>3</sup> Section 1910.50(c)(1) of the Board's procedural rules provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code § 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2022.

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables #1 and #3, which sold more proximate in time to the assessment date and are more similar to the subject in dwelling size, location, and some features, but have varying degrees of similarity to the subject in site size, age/effective age, basement finish, central air conditioning amenity, and garage count, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$662,500 to \$1,526,000 or from \$175.54 to \$378.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$734,308 or \$205.75 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
