

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tomasz P. & Malgorzata Tawrel
DOCKET NO.: 22-02491.001-R-1
PARCEL NO.: 15-05-425-001

The parties of record before the Property Tax Appeal Board are Tomasz P. & Malgorzata Tawrel, the appellants; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,058
IMPR.: \$91,334
TOTAL: \$115,392

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,802 square feet of living area. The dwelling was constructed in 1982. Features of the home include a lower level with finished area, central air conditioning, a fireplace, and a 462 square foot garage. The property has an 8,908 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellants contend assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with split-level homes of frame exterior construction with 1,802 or 1,898 square feet of living area. The dwellings were built in 1977. Each home has a lower level with finished area, central air conditioning, a fireplace, and a 462 square foot garage. The comparables have improvement assessments ranging from \$66,195 to \$81,645 or from \$34.88 to

\$45.31 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,392. The subject property has an improvement assessment of \$91,334 or \$50.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with split-level homes of frame exterior construction with 1,802 square feet of living area. The dwellings were built from 1978 to 1982. Each home has a lower level with finished area, central air conditioning, and a 462 square foot garage. Four homes each have a fireplace. The comparables have improvement assessments ranging from \$100,867 to \$104,326 or from \$55.98 to \$57.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$66,195 to \$104,326 or from \$34.88 to \$57.89 per square foot of living area. The subject's improvement assessment of \$91,334 or \$50.68 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the comparable for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
