

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyle Arnst
DOCKET NO.: 22-02499.001-R-1
PARCEL NO.: 04-28-110-010

The parties of record before the Property Tax Appeal Board are Lyle Arnst, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,474
IMPR.: \$28,715
TOTAL: \$34,189

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,296 square feet of living area. The dwelling was constructed in 1912. Features of the home include a crawl-space foundation and a garage containing 484 square feet of building area. The property has a 7,100 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .75 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1-story or 2-story dwellings of wood siding or aluminum siding exterior construction ranging in size from 1,248 to 1,442 square feet of living area. The homes were built from 1904 to 1911. One dwelling has central air conditioning and three comparables each have an unfinished basement. The comparables have improvement

assessments ranging from \$25,887 to \$28,072 or from \$17.98 to \$20.83 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$25,404 or \$19.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,189. The subject property has an improvement assessment of \$28,715 or \$22.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .89 of a mile of the subject and within the subject's assessment neighborhood. Comparable #5 is the same property as appellant comparable #2. The comparables consist of 1.5-story or 2-story dwellings of wood siding or aluminum siding exterior construction ranging in size from 1,104 to 1,460 square feet of living area. The homes were built from 1906 to 1941, with comparable #3 having an effective age of 1942. Two dwellings have central air conditioning, three comparables have either a concrete slab or crawl-space foundation, two comparables each have a basement, and three comparables each have a garage ranging in size from 396 to 588 square feet of building area. The comparables have improvement assessments ranging from \$22,072 to \$31,760 or from \$19.47 to \$25.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the appellant's comparables #1, #3, and #4, as well as board of review comparables #3 and #4, which differ from the subject in design and/or foundation.

The Board finds the best evidence of assessment equity to be the parties' shared comparable along with board of review comparables #1 and #2, which are similar to the subject in age, location, dwelling size, and some features, however three comparables lack a garage suggesting upward adjustments would be necessary to make them more equivalent to the subject. These comparables have improvement assessments that range from \$22,072 to \$31,760 or from \$19.47 to \$21.75 per square foot of living area. The subject's improvement assessment of \$28,715 or \$22.15 per square foot of living area falls within the range established by the best comparables in this record overall and slightly above the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, such as garage feature, and giving consideration to the principle of economies of scale as two

comparables have larger dwellings, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
