

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyle Arnst
DOCKET NO.: 22-02503.001-R-1
PARCEL NO.: 04-28-114-025

The parties of record before the Property Tax Appeal Board are Lyle Arnst, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,523
IMPR.: \$38,915
TOTAL: \$45,438

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,596 square feet of living area. The dwelling was constructed in 1960. Features of the home include an unfinished basement and a garage containing 440 square feet of building area. The property has a 12,240 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within .22 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding or brick exterior construction ranging in size from 1,548 to 1,728 square feet of living area. The homes were built from 1951 to 1974. Two comparables each have an unfinished basement. The comparables have improvement assessments ranging from \$27,787 to \$37,326 or from \$17.31 to \$21.60 per

square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$32,042 or \$20.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,438. The subject property has an improvement assessment of \$38,915 or \$24.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on ten equity comparables located within .79 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding, aluminum siding, wood siding and aluminum siding, or brick exterior construction ranging in size from 1,376 to 1,764 square feet of living area. The homes were built from 1955 to 1964. Five dwellings have central air conditioning, three comparables have either one or three fireplaces, five comparables each have an unfinished basement, five comparables each have a crawl-space foundation, and seven comparables each have a garage ranging in size from 240 to 672 square feet of building area. The comparables have improvement assessments ranging from \$35,269 to \$43,101 or from \$22.58 to \$29.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 13 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables, as well as board of review comparables #1, #2 and #6 through #10, which lack a garage compared to the subject and/or differ from the subject in foundation.

The Board finds the best evidence of assessment equity to be board of review comparables #3, #4, and #5, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$36,566 to \$40,520 or from \$26.29 to \$29.03 per square foot of living area. The subject's improvement assessment of \$38,915 or \$24.38 per square foot of living area falls within the range established by the best comparables in this record overall and below the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
