

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyle Arnst  
DOCKET NO.: 22-02506.001-R-1  
PARCEL NO.: 04-28-204-014

The parties of record before the Property Tax Appeal Board are Lyle Arnst, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,147  
**IMPR.:** \$25,134  
**TOTAL:** \$31,281

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction with 768 square feet of living area. The dwelling was constructed in 1951. Features of the home include an unfinished basement, central air conditioning, a fireplace and a garage containing 400 square feet of building area. The property has an 8,650 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .77 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding exterior construction ranging in size from 720 to 864 square feet of living area. The homes were built from 1938 to 1959. Each dwelling has an unfinished basement and one comparable has a garage

containing 360 square feet of building area. The comparables have improvement assessments ranging from \$17,955 to \$22,899 or from \$23.38 to \$29.60 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$19,797 or \$25.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,281. The subject property has an improvement assessment of \$25,134 or \$32.73 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 1.07 miles of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding, aluminum siding, or brick exterior construction ranging in size from 726 to 840 square feet of living area. The homes were built from 1939 to 1966. Each dwelling has an unfinished basement and a garage ranging in size from 308 to 1,064 square feet of building area. Two comparables have central air conditioning and one comparable has a finished attic. The comparables have improvement assessments ranging from \$24,954 to \$28,470 or from \$33.45 to \$37.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, #4, and #5, which lack a garage, a feature of the subject. The Board also gives reduced weight to board of review comparables #3 and #4, which differ from the subject in location or attic finish.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #1, #2, and #5, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$18,222 to \$28,470 or from \$25.31 to \$34.37 per square foot of living area. The subject's improvement assessment of \$25,134 or \$32.73 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
