

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyle Arnst
DOCKET NO.: 22-02515.001-R-1
PARCEL NO.: 04-21-418-017

The parties of record before the Property Tax Appeal Board are Lyle Arnst, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,096
IMPR.: \$35,107
TOTAL: \$41,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,728 square feet of living area. The dwelling was constructed in 1906. Features of the home include an unfinished basement and two baths. The property has an 8,250 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and from .04 of a mile to 1.06 miles from the subject. The comparables are described as 1.5-story, 1.75-story or 2-story dwellings of aluminum or wood siding exterior construction ranging in size from 1,576 to 1,792 square feet of living area. The dwellings were built from 1904 to 1911 and have basements. Each comparable has one or two baths. Two comparables each have a garage with

400 or 440 square feet of building area. The comparables have improvement assessments ranging from \$12,893 to \$34,670 or from \$7.59 to \$19.85 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,203. The subject property has an improvement assessment of \$35,107 or \$20.32 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject and within .81 of a mile from the subject. The comparables are described as 1.5-story or 2-story dwellings of wood siding, stucco, or brick exterior construction ranging in size from 1,638 to 1,848 square feet of living area. The dwellings were built from 1909 to 1928 and have basements, one of which has finished area. Three comparables have central air conditioning. Two comparables each have a fireplace. Each comparable has from 1 to 2.5 baths. Two comparables each have a garage with 280 or 396 square feet of building area. The comparables have improvement assessments ranging from \$35,068 to \$45,600 or from \$21.04 to \$25.23 per square foot of living area. The board of review also submitted a prior Multiple Listing Service sheet for the subject property that disclosed it was rehabbed in 2016. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration with varying degrees of similarity to the subject in location, design, age, dwelling size, and features. The Board finds appellant's comparable #2 appears to be an outlier as it has a considerably lower improvement assessment than the other comparables in the record. The remaining comparables have improvement assessments that range from \$28,119 to \$45,600 or from \$17.84 to \$25.23 per square foot of living area. The subject's improvement assessment of \$35,107 or \$20.32 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
