

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonio Luis Galvao Costa
DOCKET NO.: 22-02533.001-R-1
PARCEL NO.: 11-22-212-007

The parties of record before the Property Tax Appeal Board are Antonio Luis Galvao Costa, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$72,788
IMPR.: \$251,573
TOTAL: \$324,361

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 4,932 square feet of living area. The dwelling was constructed in 1998. Features of the home include an unfinished basement, central air conditioning, three fireplaces, and a 970 square foot garage. The property has an approximately 21,295 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.29 of a mile from the subject. The comparables are improved with 2-story dwellings of frame or frame and brick exterior construction ranging in size from 4,648 to 5,185 square feet of living area. The dwellings were built from 1996 to 1999 with the oldest home having a reported

effective age of 1999. Each comparable has an unfinished basement, central air conditioning, one to three fireplaces, and a garage ranging in size from 690 to 759 square feet of building area. The comparables have improvement assessments that range from \$218,454 to \$245,263 or from \$46.16 to \$48.83 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$231,804 or \$47.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$324,361. The subject property has an improvement assessment of \$251,573 or \$51.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables¹ with the same assessment neighborhood code as the subject property and located within 0.15 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 4,121 to 5,058 square feet of living area. The dwellings were built from 1997 to 2004 with comparable #5 having a reported effective age of 1998. Each comparable has an unfinished basement, central air conditioning, two to four fireplaces, and a garage ranging in size from 831 to 966 square feet of building area. Comparable #5 also features an inground swimming pool and a hot tub. The comparables have improvement assessments that range from \$225,496 to \$269,691 or from \$53.06 to \$56.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #5 and #6 which are less similar to the subject in dwelling size than other comparables in this record. Further, board of review comparable #5 has an inground swimming pool and a hot tub, features the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments that range from \$218,454 to \$269,691 or from \$46.16 to \$53.56 per square foot of living area. The subject's improvement assessment of \$251,573 or \$51.01 per square foot of living area falls within the range established by the best

¹ The board of review submitted six equity comparables for consideration; however, the Board finds board of review comparable #4 is the same property as board of review #2 and thus will not be referenced further in this decision.

comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
