

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith & April Claussner  
DOCKET NO.: 22-02618.001-R-1  
PARCEL NO.: 09-28-426-088

The parties of record before the Property Tax Appeal Board are Keith & April Claussner, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$35,417  
**IMPR.:** \$103,664  
**TOTAL:** \$139,081

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 2,251 square feet of living area. The dwelling was constructed in 1987. Features of the home include a walk-out style basement with finished area, central air conditioning, two fireplaces, and a garage containing 452 square feet of building area. The property has a 10,234 square foot site and is located in St. Charles, St. Charles Township, Kane County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on eight equity comparables located within .4 of a mile of the subject. The comparables consist of two-story dwellings ranging in size from 2,166 to 2,333 square feet of living area. The homes were built from 1985 to 1987. Each dwelling has central air conditioning, a fireplace, a basement with finished area, and a garage ranging in size from 410 to 487 square feet of building area. The

comparables have improvement assessments ranging from \$85,080 to \$91,391 or from \$39.14 to \$40.50 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$88,843 or \$39.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,081. The subject property has an improvement assessment of \$103,664 or \$46.05 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within .37 of a mile of the subject. The comparables consist of two-story dwellings of frame or frame and brick exterior construction ranging in size from 1,900 to 2,425 square feet of living area. The homes were built from 1985 to 1987. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 400 to 470 square feet of building area. The comparables have improvement assessments ranging from \$86,395 to \$113,853 or from \$43.09 to \$48.16 per square foot of living area. The board of review also submitted a memorandum arguing that the appellants' comparables differ from the subject in exterior construction, foundation, and bathroom count. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellants argued that approximately 91% of all of the comparables submitted support a reduction to the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 14 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments that range from \$85,080 to \$113,853 or \$39.14 to \$48.16 per square foot of living area. The subject's improvement assessment of \$103,664 or \$46.05 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
