

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brett & Kristin Chally
DOCKET NO.: 22-02700.001-R-1
PARCEL NO.: 05-06-20-310-022-0000

The parties of record before the Property Tax Appeal Board are Brett & Kristin Chally, the appellants; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,549
IMPR.: \$137,752
TOTAL: \$161,301

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick exterior construction with 3,446 square feet of living area. The dwelling was constructed in 2021. Features of the home include an unfinished basement, central air conditioning, and a garage containing 721 square feet of building area. The property has a 12,763 square foot site and is located in Shorewood, Troy Township, Will County.

The appellants contend assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables. The comparables consist of two-story dwellings of frame and brick exterior construction ranging in size from 2,645 to 3,731 square feet of living area. The homes were built from 2006 to 2022. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 483 to 761 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging

from \$88,896 to \$134,492 or from \$33.61 to \$36.28 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$120,782 or \$35.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,301. The subject property has an improvement assessment of \$137,752 or \$39.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables consist of two-story dwellings of frame and brick exterior construction ranging in size from 3,402 to 3,446 square feet of living area. The homes were each built in 2021. Each dwelling has central air conditioning, an unfinished basement, and a garage containing either 640 or 721 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$134,610 to \$141,191 or from \$39.06 to \$41.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables #2, #3, and #4 due to differences in age, dwelling size, or basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be appellants' comparable #1 and the board of review comparables, which are similar to the subject in age, dwelling size, and some features. These comparables have improvement assessments that range from \$113,405 to \$141,191 or from \$34.24 to \$41.28 per square foot of living area. The subject's improvement assessment of \$137,752 or \$39.97 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
