

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Neumeyer
DOCKET NO.: 22-03094.001-R-1
PARCEL NO.: 08-21.0-317-001

The parties of record before the Property Tax Appeal Board are Steve Neumeyer, the appellant; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,605
IMPR.: \$17,979
TOTAL: \$19,584

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a notice of equalization issued by the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 840 square feet of living area. The dwelling was constructed in 1892 and has an effective age of 1995.¹ Features of the home include a crawl space foundation and central air conditioning. The property has a 4,000 square foot site and is located in Belleville, Belleville Township, St. Clair County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables have 5,100 square foot sites that are improved with 1-story homes of frame exterior construction ranging in size from 780 to 1,152 square feet of living area. The dwellings were built from 1857 to 1959 and each

have an effective age of 1995.² Each home has a crawl space foundation and central air conditioning. The comparables have land assessments ranging from \$2,021 to \$2,190 or \$0.40 and \$0.43 per square foot of land area and have improvement assessments ranging from \$9,105 to \$15,878 or from \$11.25 to \$13.78 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's land assessment to \$1,400 and a reduction in the subject's improvement assessment to \$14,550.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total equalized assessment for the subject of \$19,584. The subject property has an equalized land assessment of \$1,605 or \$0.40 per square foot of land area and an equalized improvement assessment of \$17,979 or \$21.40 per square foot of living area. The board of review further indicated in its "Board of Review Notes on Appeal" that the appellant filed a complaint with the board of review.

In support of its contention of the correct assessment the board of review submitted a copy of a decision of the Board for the subject for the prior tax year, in which the Board issued a decision confirming the subject's assessment. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the only evidence of assessment equity to be the appellant's comparables. With regard to land assessment equity, the Board finds the comparables are relatively similar to the subject in location and site size and have land assessments ranging from \$2,021 to \$2,190 or \$0.40 and \$0.43 per square foot of land area. The subject's land assessment of \$1,605 or \$0.40 per square foot of land area falls below the comparables in terms of total land assessment and is bracketed by the comparables on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

With regard to improvement assessment equity, the Board finds the comparables are similar to the subject in location and features, but have varying degrees of similarity to the subject in design, dwelling size, and age, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. The comparables have improvement assessments that range from \$9,105 to \$15,878 or from \$11.25 to \$13.78 per square foot of living area. The subject's improvement assessment of \$17,979 or \$21.40 per square foot of living area falls above

the range established by the best comparables in this record, but appears to be supported given the subject is a 1.5-story home compared to the 1-story comparables. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
