

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rhodora Markazi  
DOCKET NO.: 22-03392.001-R-1  
PARCEL NO.: 19-36-202-011

The parties of record before the Property Tax Appeal Board are Rhodora Markazi, the appellant; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,335  
**IMPR.:** \$179,791  
**TOTAL:** \$241,126

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,867 square feet of living area. The dwelling was constructed in 2004 and is approximately 18 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a garage containing 1,064 square feet of building area. The property has a 205,030 square foot site and is located in Barrington Hills, Algonquin Township, McHenry County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 5,022 to 5,938 square feet of living area. The homes are 6 to 44 years old. Each dwelling has central air conditioning, two fireplaces, a basement with two having finished area, and a garage ranging in size from 736 to

1,200 square feet of building area. The comparables have improvement assessments ranging from \$95,666 to \$163,960 or from \$18.32 to \$27.61 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$119,585 or \$24.57 per square foot of living area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$241,126. The subject property has an improvement assessment of \$179,791 or \$36.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .38 of a mile of the subject and within the subject's subdivision. The comparables consist of two-story dwellings of brick or frame exterior construction ranging in size from 4,591 to 5,142 square feet of living area. The homes were built in 2001 or 2003. Each dwelling has central air conditioning, one to three fireplaces, a basement with three having finished area, and a garage ranging in size from 1,087 to 1,381 square feet of building area. Comparable #2 has a barn, comparable #3 has an unfinished attic, and comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$161,969 to \$234,749 or from \$35.28 to \$46.53 per square foot of living area. The board of review also submitted a memorandum noting the subject has an English basement, which would warrant a higher assessment. Also submitted was a memorandum from the Algonquin Township Assessor, which argued that the appellant's comparables differ from the subject in age and/or dwelling size. The Township Assessor's memorandum also noted that appellant comparable #2 was receiving a partial assessment due to its condition. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables due to differences in age and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are similar to the subject in age, location, and dwelling size, noting that downward adjustments would need to be applied to the comparables for features such as the barn or inground swimming pool in order to make them more comparable to the subject. These comparables have improvement assessments that range from \$161,969 to \$234,749 or from \$35.28 to \$46.53 per square foot of living area. The subject's improvement assessment of \$179,791 or \$36.94 per square foot of living area falls within the range established by the best

comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
