

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anita Ong
DOCKET NO.: 22-03407.001-R-3
PARCEL NO.: 06-27-403-002

The parties of record before the Property Tax Appeal Board are Anita Ong, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$90,030
IMPR.: \$651,610
TOTAL: \$741,640

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick, masonry, or stone exterior construction with 5,788 square feet of living area. The dwelling was constructed in 2017. Features of the home include a basement with finished area, central air conditioning, three fireplaces, and a garage containing 816 square feet of building area. The property has a 16,401 square foot site and is located in Oak Brook, Naperville Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .5 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame, masonry, or stone or brick, masonry, or stone exterior construction ranging in size from 5,828 to 6,570 square feet of living area. The homes were built from 1968 to 2007. Each dwelling has central air conditioning, one to four fireplaces, a basement with two having

finished area, and a three-car or four-car garage.¹ The parcels range in size from 18,350 to 37,407 square feet of land area. The comparables sold from November 2019 to September 2021 for prices ranging from \$830,000 to \$1,700,000 or from \$126.33 to \$291.70 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$416,819, for an estimated market value of \$1,250,582 or \$216.06 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$741,640. The subject's assessment reflects a market value of \$2,225,143 or \$384.44 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .22 of a mile of the subject and within the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of frame, masonry, or stone or brick, masonry, or stone exterior construction ranging in size from 5,567 to 7,116 square feet of living area. The dwellings were built from 2005 to 2020. Each dwelling has central air conditioning, three to five fireplaces, a basement with finished area, and a garage ranging in size from 993 to 1,147 square feet of building area. The parcels range in size from 15,263 to 22,800 square feet of land area. The comparables sold in January or September 2020 for prices ranging from \$1,700,000 to \$2,555,000 or from \$256.46 to \$458.95 per square foot of living area, including land. The board of review also submitted a memorandum arguing that the appellant's comparables differ from the subject in age and/or bathroom count. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #1 and #2, which differ from the subject in age. The Board also gives reduced weight to board of review comparable #1, which differs from the subject in dwelling size.

¹ Additional details were drawn from the Multiple Listing Service sheets submitted by the appellant.

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2022.

The Board finds the best evidence of market value to be the parties' shared comparable and board of review comparable sale #3, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices of \$1,700,000 and \$2,555,000 or for \$291.70 and \$458.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$2,225,143 or \$384.44 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
