

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Doster
DOCKET NO.: 22-03418.001-R-1
PARCEL NO.: 04-27-306-072

The parties of record before the Property Tax Appeal Board are William Doster, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,020
IMPR.: \$93,240
TOTAL: \$123,260

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and brick exterior construction with 2,027 square feet of living area. The dwelling was constructed in 1999 and is approximately 24 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 440 square foot garage. The property has an 8,176 square foot site and is located in Warrenville, Winfield Township, DuPage County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame and brick exterior construction ranging in size from 2,329 to 3,273 square feet of living area. The dwellings were built from 1996 to 2007 and range in age from 16 to 26 years old. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 440 to 663 square feet of building

area. The comparables have improvement assessments ranging from \$99,420 to \$128,270 or from \$39.19 to \$43.64 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,260. The subject property has an improvement assessment of \$93,240 or \$46.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 2-story homes of frame or frame and brick exterior construction ranging in size from 1,844 to 2,136 square feet of living area. The dwellings were built from 1996 to 1999. Each home has a basement, two of which have finished area, central air conditioning, a fireplace, and a 400 or a 420 square foot garage. The comparables have improvement assessments ranging from \$84,850 to \$102,930 or from \$45.93 to \$48.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial differences from the subject in dwelling size, and the board of review's comparables #4 and #5, which have finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #3, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$84,850 to \$92,740 or from \$45.93 to \$46.01 per square foot of living area. The subject's improvement assessment of \$93,240 or \$46.00 per square foot of living area falls above the range established by the best comparables in terms of total improvement assessment and within the range on a per square foot basis, which is logical given the subject's slightly larger dwelling size and basement area.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett,

20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
