

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alpeshkumar Patel
DOCKET NO.: 22-03430.001-R-1
PARCEL NO.: 02-28-415-023

The parties of record before the Property Tax Appeal Board are Alpeshkumar Patel, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,934
IMPR.: \$99,145
TOTAL: \$123,079

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of AVS and brick exterior construction with 2,401 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace and a 2-car garage. The property has an 11,134 square foot site and is located in Glendale Heights, Bloomingdale Township, DuPage County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located from 0.2 of a mile to 1.8 miles from the subject, one of which is within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes with varying degrees of similarity to the subject in dwelling size, age and features. The

¹ The appellant's appraisal disclosed the subject has finished basement area as does the subject's property record card presented by the board of review.

comparables have improvement assessments ranging from \$58,100 to \$82,550 or from \$28.76 to \$33.89 per square foot of living area.

The appellant also submitted certain pages of an appraisal estimating the subject had a market value of \$209,000 as of January 30, 2015, which the Board finds is not relevant to the appellant's assessment equity argument and concludes a value that is remote in time from the January 1, 2022 assessment date.

As part of the appeal, the appellant also disclosed that the subject property is an owner-occupied residence. The Board takes judicial notice that this property was the subject matter of an appeal before the Board the prior year under Docket Number 21-06696.001-R-1. In that appeal the Board issued a decision lowering the assessment of the subject property to \$116,940 based on the evidence submitted by the parties.

Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$133,710. The subject property has an improvement assessment of \$111,690 or \$46.52 per square foot of living area. Also, as part of the "Board of Review Notes on Appeal," the board of review reported that 2019 was the first year of the general assessment cycle for the subject property and that for tax year 2022 an equalization factor of 1.0525 was applied to non-farm properties in Bloomingdale Township.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes with varying degrees of similarity to the subject in dwelling size, age, and features. The comparables have improvement assessments of \$75,590 and \$76,410 or \$42.51 and \$42.98 per square foot of living area.

The board of review submitted a letter from the township assessor asserting the township agreed to stipulate to a reduced assessment for the 2021 and 2022 tax years. The board of review presented correspondence to the appellant and copies of proposed stipulations. Based on this evidence, the board of review requested the subject's assessment be sustained.

In written rebuttal, the appellant argued the appellant's comparable supports a reduction after considering adjustments for differences from the subject, such as its above ground swimming pool. The appellant stated there was no agreement for the 2021 or 2022 tax years.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) a reduction in the subject's assessment is warranted. In pertinent part, section 16-185 of the Property Tax Code provides:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of an appeal before the Board for the 2021 tax year under Docket No. 21-06696.001-R-1 in which a decision was issued based upon the evidence presented by the parties reducing the subject's assessment to \$116,940. The record further disclosed the subject property is an owner-occupied dwelling. The Board also finds that the 2019 to 2022 tax years are within the same general assessment period and an equalization factor of 1.0525 was applied in Bloomingdale Township in 2022. Furthermore, the decision of the Board for the 2021 tax year has not been reversed or modified upon review and there was no evidence the subject property recently sold establishing a different fair cash value. Applying section 16-185 of the Property Tax Code would result in a reduced total assessment of \$123,079, which is less than the 2022 assessment of the subject property of \$133,710.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
