

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Lillquist
DOCKET NO.: 22-03453.001-R-1
PARCEL NO.: 09-05-422-002

The parties of record before the Property Tax Appeal Board are Steve Lillquist, the appellant, by attorney Donald T. Rubin, of Golan Christie Taglia LLP in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$92,670
IMPR.: \$49,030
TOTAL: \$141,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,600 square feet of living area. The dwelling was constructed in 1954. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 440 square feet of building area. The property has an 11,880 square foot site and is located in Downers Grove, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within one mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of brick or frame exterior construction ranging in size from 1,270 to 1,520 square feet of living area. The homes were built from 1942 to 1968. Each dwelling has central air conditioning, a basement with finished area, and a garage ranging in size from 440 to 676 square

feet of building area. Two comparables each have a fireplace. The parcels range in size from 7,088 to 8,118 square feet of land area. The comparables sold from June 2019 to February 2021 for prices ranging from \$260,000 to \$357,600 or from \$199.69 to \$235.26 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$114,132, for an estimated market value of \$342,430 or \$214.02 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,700. The subject's assessment reflects a market value of \$425,143 or \$265.71 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.85 miles of the subject, three of which are in the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 1,050 to 1,472 square feet of living area. The dwellings were built from 1956 to 1978. Each dwelling has central air conditioning and a garage ranging in size from 252 to 484 square feet of building area. Two comparables each have a fireplace and three comparables each have an unfinished basement. The parcels range in size from 6,250 to 13,560 square feet of land area. The comparables sold from May 2021 to May 2022 for prices ranging from \$395,000 to \$475,000 or from \$268.34 to \$452.38 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 and #3, which sold less proximate to the January 1, 2022 assessment date at issue than other sales in the record. The Board also gives reduced weight to board of review comparables #1 through #3, which differ from the subject in location, dwelling size, or foundation.

The Board finds the best evidence of market value to be the appellant's comparable sale #2 and board of review comparable sale #4, which sold proximate to the assessment date at issue and are

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. similar to the subject in age, location, and some features. These most similar comparables sold in February and October 2021 for prices of \$260,000 and \$395,000 or for \$199.69 and \$292.16 per square foot of living area, including land. The subject's assessment reflects a market value of \$425,143 or \$265.71 per square foot of living area, including land, which is bracketed by the best comparable sales in this record on a per-square-foot basis. While the subject's estimated market value is above the best comparables overall, the Board finds it logical given the subject's larger dwelling. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
