

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katherine Lankford  
DOCKET NO.: 22-03504.001-R-1  
PARCEL NO.: 02-29-109-020

The parties of record before the Property Tax Appeal Board are Katherine Lankford, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$29,890  
**IMPR.:** \$75,960  
**TOTAL:** \$105,850

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a split-level style dwelling of mixed exterior construction with 1,328 square feet of living area. The dwelling was built in 1977. Features of the home include a partially finished lower level, central air conditioning, one fireplace, and a two-car garage. The property has an 8,265 square foot site and is located in Carol Stream, Bloomingdale Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with raised ranch or split-level style dwellings of mixed exterior construction ranging in size from 1,279 to 1,338 square feet of living area. The dwellings were each built in 1978. Each comparable has a partially finished lower level and comparable #1 also has an

unfinished partial basement. Each comparable has a central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$60,330 to \$74,130 or from \$47.17 to \$55.82 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$68,508 or \$51.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,850. The subject property has an improvement assessment of \$75,960 or \$57.20 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood. The comparables are improved with split-level style dwellings of mixed exterior construction with each having 1,328 square feet of living area. The dwellings were built in either 1977 or 1978. The comparables each have a partially finished lower level, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments of either \$75,960 or \$75,970 or of either \$57.20 or \$57.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which has a partial basement, a feature the subject lacks. The Board gives less weight to the appellant's comparable #2 which has a dissimilar raised ranch style, in contrast to the split-level style of the subject. The Board also gives less weight to the appellant's comparable #3 which has a significantly lower improvement assessment and appears to be an outlier when compared to other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in design, age, dwelling size, and features. These comparables have improvement assessments of either \$75,960 or \$75,970 or of either \$57.20 or \$57.21 per square foot of living area. The subject's improvement assessment of \$75,960 or \$57.20 per square foot of living area matches the improvement assessments of board of review comparables #1 and #2. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
