

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jason & Wendy Malmassari

DOCKET NO.: 22-03569.001-R-1 PARCEL NO.: 05-28-306-004

The parties of record before the Property Tax Appeal Board are Jason & Wendy Malmassari the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich, and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,030 **IMPR.:** \$204,910 **TOTAL:** \$249,940

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick exterior construction with 3,615 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 462 square foot garage. The property has a 11,199 square foot site and is located in Wheaton, Milton Township, DuPage County.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 3,414 to 3,914 square feet of living area. The homes were built in either 1988 or 1989. Each comparable has a basement with finished area, central air conditioning, and a garage ranging in size from 441 to 726 square feet of building area. The comparables have the same assessment neighborhood

code as the subject and are located from 0.24 to 0.49 of a mile from the subject property. The comparables have improvement assessments that range from \$142,060 to \$181,400 or \$37.48 to \$48.74 per square foot of living area. The appellants requested the subject's improvement assessment be reduced to \$173,266.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,940. The subject property has an improvement assessment of \$204,910 or \$56.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables along with pictures, property record cards, and a map depicting the location of the subject property, the appellants' comparables, and the board of review's comparables. The board of review's comparables are improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 3,124 to 3,775 square feet of living area. The homes were built from 1988 to 1993. Each comparable has a basement with two having finished area, central air conditioning, a fireplace, and a garage ranging in size from 528 to 783 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located from 0.35 to 0.97 of a mile from the subject property. The comparables have improvement assessments that range from \$177,980 to \$225,300 or \$56.97 to \$62.65 per square foot of living area.

In written rebuttal, the appellants' counsel argued the county's comparables are not comparable to the subject due to differences in location, types of amenities or size.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 12 equity comparables submitted by the parties to support their respective positions. The Board gives less weight to the board of review's comparables # 4 and #6, and the appellants' comparable #2 due to differences from the subject dwelling with respect to size. The Board finds the best evidence of assessment equity to be appellants' comparables #1, #3, #4, #5, and #6 along with board of review's comparables #1, #2, #3, and #5. These comparables are the most representative of the subject dwelling in terms of age, location, size, and features, although adjustments to some of the comparables, to account for differences in garage size and amount of basement finished area, would be needed to make them more equivalent to the subject. These comparables had improvement assessments that range from \$142,060 to \$225,300 or \$37.48 to \$62.65 per square foot of living area. The subject's improvement assessment of \$204,910 or \$56.68 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering appropriate adjustments to the best

comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
