

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Sanduski
DOCKET NO.: 22-20096.001-R-1
PARCEL NO.: 15-25-300-007-0000

The parties of record before the Property Tax Appeal Board are John Sanduski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,681
IMPR.: \$30,193
TOTAL: \$41,874

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 1,966 square feet of living area. The dwelling is approximately 81 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 13,350 square foot site and is located in Riverside, Riverside Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same neighborhood code as the subject. The comparables consist of class 2-05 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,848 to 2,142 square feet of living area. The dwellings are from 75 to 97 years old.

Each comparable has a basement, central air conditioning and a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments that range from \$24,671 to \$29,058 or from \$13.35 to \$14.48 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,406 or \$13.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,874. The subject property has an improvement assessment of \$30,193 or \$15.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same neighborhood code as the subject. The comparables consist of class 2-05, 2-story dwellings of frame and masonry exterior construction ranging in size from 1,958 to 2,141 square feet of living area. The dwellings are from 66 to 95 years old. Each comparable has a basement, central air conditioning, and either a 1-car or a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$31,105 to \$35,005 or from \$15.89 to \$17.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gives the most weight to the appellant's comparable #1, #2, and #3 and board of review comparables #1 and #2 which are similar to the subject in location, dwelling size, age, foundation type and some features. These five comparables have improvement assessments ranging from \$24,671 to \$35,005 or from \$13.35 to \$17.00 per square foot of living area. The subject's improvement assessment of \$30,193 or \$15.36 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the parties remaining comparables which are less similar to the subject in age than the other comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
