

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karolina Cichocka
DOCKET NO.: 22-20409.001-R-1
PARCEL NO.: 12-12-309-047-0000

The parties of record before the Property Tax Appeal Board are Karolina Cichocka, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,967
IMPR.: \$25,468
TOTAL: \$31,435

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 986 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a basement with finished area, 2 bathrooms, central air conditioning and a 2-car garage. The property has an approximately 4,590 square foot site and is located in Norridge, Norwood Park Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. Each of the comparables, based on PIN number, is located in a different section of the township than the subject property. The comparables are improved with 1-story class 2-02 dwellings of frame,

masonry, or frame and masonry exterior construction ranging in size from 912 to 984 square feet of living area. The homes range in age from 67 to 97 years old. Three comparables are reported to have a basement, two of which are finished with an apartment, and two comparables have a concrete slab foundation.¹ Each dwelling has 1 bathroom and from a 1-car to a 2.5-car garage. Two homes each have central air conditioning. The comparables have improvement assessments ranging from \$15,916 to \$17,125 or from \$16.94 to \$17.54 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$16,998 or \$17.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,435. The subject property has an improvement assessment of \$25,468 or \$25.83 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, the same block or within ¼ of a mile from the subject property. The comparables are improved with 1-story class 2-02 dwellings of masonry exterior construction with 954 or 986 square feet of living area. The homes range in age from 64 to 66 years old. Each comparable has a basement, three of which have finished area. Each dwelling has 1 or 1½ bathrooms and from a 1-car to a 2-car garage. Two homes have central air conditioning. The comparables have improvement assessments of \$25,563 and \$26,457 or from \$25.93 to \$26.83 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #2 and #3 which differ from the subject in location, age, foundation type, garage size and/or presence of central air conditioning.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 which are identical or nearly identical to the subject in location, age, design, dwelling size and most features. These two comparables have improvement assessments of \$25,563 and \$26,457 or \$25.93 and \$26.83 per square foot of living area. The subject's improvement assessment of \$25,468 or \$25.83 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for

differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
