

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bronislaw Mietus
DOCKET NO.: 22-20451.001-R-1
PARCEL NO.: 12-02-401-008-0000

The parties of record before the Property Tax Appeal Board are Bronislaw Mietus, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,750
IMPR.: \$65,250
TOTAL: \$74,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,968 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a basement, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 6,250 square foot site and is located in Park Ridge, Norwood Park Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,949 to 3,197 square feet of living area. The homes

range in age from 32 to 38 years old. Each comparable has a basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$45,282 to \$49,365 or from \$15.04 to \$15.57 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$45,677 or \$15.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,000. The subject property has an improvement assessment of \$65,250 or \$21.98 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, the same block or within ¼ of a mile from the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry exterior construction ranging in size from 2,676 to 3,095 square feet of living area. The homes range in age from 16 to 19 years old. Each comparable has a basement, central air conditioning and one or two fireplaces. Three properties each have a 2-car garage. The comparables have improvement assessments ranging from \$60,250 to \$71,866 or from \$22.15 to \$23.22 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are from 16 to 22 years older than the subject property. The Board gives less weight to board of review comparable #1 which lacks a garage amenity in contrast to the subject property.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4 which are more similar to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments ranging from \$63,620 to \$71,866 or from \$22.15 to \$23.22 per square foot of living area. The subject's improvement assessment of \$65,250 or \$21.98 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
