

**AMENDED FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Vomacka
DOCKET NO.: 22-20559.001-R-1
PARCEL NO.: 16-31-106-033-0000

The parties of record before the Property Tax Appeal Board are Frank Vomacka, the appellant(s), by attorney George J. Relias, of Relias Law Group, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,691
IMPR.: \$17,363
TOTAL: \$20,054

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,075 square foot parcel of land improved with a 109-year-old, 2-story, frame, multi-family dwelling, containing 1,632 square feet of living area. The property is located in Berwyn, Berwyn Township, Cook County and is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of its argument, appellant submitted information on five suggested equity comparables. They were each improved with either a 1.5-story or a 2-story, multi-family dwelling, of either frame or frame and masonry construction. They ranged: in size between 1,860 and 2,036 square feet of living area and in improvement assessment between \$7.36 and \$10.94 per square foot of living area; and in age between 105 and 134 years old. Appellant's comparables were located within half a mile from the subject property. Based on this evidence, appellant requested a reduction in the subject's

assessment to \$20,054. In addition, appellant submitted a copy of the board of review's written decision reflecting a final assessment for the subject property of \$18,391.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation for the subject property of \$20,054, with an improvement assessment of \$17,364, or \$10.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted four equity comparable properties. The board of review's equity comparables were improved with either a 1.5-story or a 2-story, multi-family dwelling, of either frame, stucco, or masonry construction. They ranged: in size between 1,653 and 1,988 square feet of living area; in assessment between \$12.47 and \$14.80 per square foot of living area; and in age between 97 and 108 years old. The board of review's comparables were located within a quarter of a mile from the subject property.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not* meet this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$10.94 to \$14.80 per square foot of living area. They were most similar to the subject property in living area square footage and/or construction. The subject's improvement assessment of \$10.64 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
