

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Ungaro
DOCKET NO.: 22-20594.001-R-1
PARCEL NO.: 12-01-117-048-0000

The parties of record before the Property Tax Appeal Board are Joseph Ungaro, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,986
IMPR.: \$62,014
TOTAL: \$76,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,468 square feet of living area. The dwelling is approximately 23 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage.¹ The property has a 9,990 square foot site and is located in Park Ridge, Northwood Park Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size

¹ The appellant reported in Section III of the appeal petition that the subject has a 2-car garage which was confirmed by the board of review in its grid analysis .

from 3,162 to 3,705 square feet of living area. The homes are either 32 or 33 years old. Each comparable has a full basement, central air conditioning, and one fireplace. The comparables have improvement assessments ranging from \$47,904 to \$55,345 or from \$14.94 to \$15.85 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$53,060.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,000. The subject property has an improvement assessment of \$62,014 or \$17.88 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment. The comparables are improved with 2-story, class 2-78 dwellings of frame or masonry exterior construction ranging in size from 3,130 to 3,511 square feet of living area. The homes range in age from 19 to 22 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$58,299 to \$69,840 or from \$18.49 to \$19.89 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which were not reported to have a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design/class, age, dwelling size, and features. These comparables have improvement assessments ranging from \$58,299 to \$69,840 or from \$18.49 to \$19.89 per square foot of living area. The subject's improvement assessment of \$62,014 or \$17.88 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
