

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erlinda Conway Revocable Trust of 2012
DOCKET NO.: 22-20729.001-R-1
PARCEL NO.: 01-18-101-006-0000

The parties of record before the Property Tax Appeal Board are Erlinda Conway Revocable Trust of 2012, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,910
IMPR.: \$60,879
TOTAL: \$79,789

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,490 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a basement with finished area, two fireplaces and a 4-car garage. The board of review reported the subject property has "other improvements" but was not further described. The property has an approximately 189,109 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 0.50 of a mile to 4.3 miles from the subject property. The comparables are improved with 2-story class 2-08

dwelling of masonry or frame and masonry exterior construction ranging in size from 4,358 to 4,661 square feet of living area. The homes range in age from 33 to 40 years old. Each comparable has a basement, one to three fireplaces and a 3-car or a 3.5-car garage. The appellant reported "N/A" in the finished basement line of their grid analysis. The comparables have improvement assessments ranging from \$50,282 to \$55,902 or from \$11.54 to \$12.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$53,521 or \$11.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,789. The subject property has an improvement assessment of \$60,879 or \$13.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The board of review's grid excludes the proximity of their comparables to the subject property. The comparables are improved with 2-story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,070 to 4,970 square feet of living area. The homes range in age from 18 to 54 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning, two to four fireplaces and from a 2-car to a 4-car garage. Comparables #1 and #4 each have "other improvements" which were not further described. The comparables have improvement assessments ranging from \$59,220 to \$103,220 or from \$13.67 to \$22.34 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1 and #3 which differ from the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #2 and #4 which are generally similar to the subject in age, design and dwelling size. However, these best comparables present varying degrees of similarity to the subject in location, basement finish, garage capacity, central air conditioning and "other improvements," suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$50,282 to \$65,467 or from \$11.54 to \$14.55 per square foot of living area. The subject's improvement assessment of \$60,879 or \$13.56 per square foot of living area falls the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
