

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Van Daele
DOCKET NO.: 22-20772.001-R-1
PARCEL NO.: 01-10-200-008-0000

The parties of record before the Property Tax Appeal Board are Brian Van Daele, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,086
IMPR.: \$54,913
TOTAL: \$77,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 4,314 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a crawl space foundation, central air conditioning and four fireplaces. The property has an approximately 230,868 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 1.2 to 5.7 miles from the subject property. The comparables are improved with 1-story class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 3,934 to 4,897 square feet of

living area. The homes range in age from 48 to 68 years old. Three comparables have a basement and one comparable has a concrete slab foundation. Each dwelling has central air conditioning, two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$42,424 to \$59,944 or from \$9.50 to \$12.24 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$49,136 or \$11.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,999. The subject property has an improvement assessment of \$54,913 or \$12.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 4,408 to 4,736 square feet of living area. The homes range in age from 32 to 52 years old. Each comparable has a basement, central air conditioning, two or four fireplaces and from a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$62,049 to \$76,892 or from \$13.85 to \$16.86 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which differ from the subject in age and/or are located two or more miles from the subject. The Board gives less weight to board of review comparable #2 which differs from the subject in age and design.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4 which are more similar to the subject in location, age, design and dwelling size. However, these properties each have a basement foundation and garage amenity in contrast to the subject's crawl space foundation and no garage, suggesting downward adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$65,570 to \$76,892 or from \$13.85 to \$16.86 per square foot of living area. The subject's improvement assessment of \$54,913 or \$12.73 per square foot of living area falls below the range established by the best comparables in this record, which is logical given the subject's crawl space and no garage relative to the best comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
