

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Stathopoulos
DOCKET NO.: 22-20777.001-R-1
PARCEL NO.: 01-26-406-001-0000

The parties of record before the Property Tax Appeal Board are Tom Stathopoulos, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,666
IMPR.: \$79,333
TOTAL: \$96,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,829 square feet of living area. The dwelling is approximately 20 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 3.5-car garage. The property has an approximately 58,889 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 0.50 of a mile to 2.5 miles from the subject property. The comparables are improved with two or more story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,248

to 4,750 square feet of living area. The homes range in age from 25 to 38 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and a 3-car or a 4-car garage. The appellant reported "n/a" for the finished basement area. The comparables have improvement assessments ranging from \$51,459 to \$66,248 or from \$12.11 to \$13.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$64,515 or \$13.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,999. The subject property has an improvement assessment of \$79,333 or \$16.43 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and the same block or subarea as the subject property. The comparables are improved with 1-story or 2-story class 2-04 or 2-08 dwellings of masonry or stucco exterior construction ranging in size from 4,448 to 4,618 square feet of living area. The homes range in age from 2 to 20 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning, two fireplaces and either a 2.5-car or 4-car garage. The comparables have improvement assessments ranging from \$66,942 to \$93,441 or from \$15.05 to \$20.23 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #4 along with board of review comparables #1 and #4 which differ from the subject in age, location and/or design.

The Board finds the best evidence of assessment equity to be appellant comparable #3 and board of review comparables #2 and #3 which are more similar to the subject in location, age, design, dwelling size and some features. These comparables have improvement assessments ranging from \$59,863 to \$78,998 or from \$13.80 to \$17.14 per square foot of living area. The subject's improvement assessment of \$79,333 or \$16.43 per square foot of living area falls slightly above the range established by the best comparables in this record on an overall improvement assessment basis and within the range on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
