

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Eisen
DOCKET NO.: 22-20783.001-R-1
PARCEL NO.: 27-17-314-009-0000

The parties of record before the Property Tax Appeal Board are Gary Eisen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,551
IMPR.: \$40,840
TOTAL: \$50,391

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,927 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 3-car garage. The property has a 14,693 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject and from 2.3 to 2.8 miles from the subject property. The comparables consist of class 2-08 dwellings of masonry exterior construction ranging in size from 3,884 to 4,265 square feet of living area. The

homes are from 6 to 28 years old. The appellant reported that each comparable has a full basement, central air conditioning, one fireplace and a 3-car garage. The comparables have improvement assessments ranging from \$37,273 to \$40,212 or from \$8.78 to \$9.76 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$36,835 or \$9.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,391. The subject property has an improvement assessment of \$40,841 or \$10.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same assessment neighborhood code and the same block as the subject. The comparables consist of two-story class, 2-08 dwellings of masonry exterior construction ranging in size from 3,817 to 4,150 square feet of living area. The homes are 19 or 22 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and either a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$40,727 to \$49,409 or from \$10.40 to \$11.91 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are located in the same neighborhood code and same block as the subject and are identical or relatively similar to the subject in location, age, dwelling size, foundation type and other features. These four comparables have improvement assessments ranging from \$40,727 to \$49,409 or from \$10.40 to \$11.91 per square foot of living area. The subject's improvement assessment of \$40,841 or \$10.40 per square foot of living area falls within the range established by the best comparables in the record. The Board gives less weight to the appellant's comparables which are located more than two miles away from the subject property, and one of which is considerably newer in age than the subject dwelling. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
