

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tarun Mirchandani
DOCKET NO.: 22-21334.001-R-1
PARCEL NO.: 01-23-404-006-0000

The parties of record before the Property Tax Appeal Board are Tarun Mirchandani, the appellant, by attorney Brianna L. Golan, of Golan Christie Taglia LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,717
IMPR.: \$69,875
TOTAL: \$97,592

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,704 square feet of living area. The dwelling is approximately 22 years old. Features of the home include an unfinished basement,¹ central air conditioning, two fireplaces and a 4-car garage. The property has an approximately 92,391 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted a grid analysis and Property Search Detail with information on six equity comparables located in the same assessment neighborhood

code and from 0.90 of a mile to 2.4 miles from the subject property. The comparables are improved with 2-class 2-09 dwellings of masonry exterior construction ranging in size from 5,472 to 6,621 square feet of living area. The homes range in age from 25 to 31 years old. Each comparable has a basement, five of which have finished area. Five dwellings have central air conditioning. Each property has one to four fireplaces and from a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$52,682 to \$81,627 or from \$9.37 to \$13.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$65,083 or \$11.41 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,999. The subject property has an improvement assessment of \$89,282 or \$15.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within ¼ of a mile from the subject property. The comparables are improved with 2-story class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,797 to 6,008 square feet of living area. The homes range in age from 14 to 22 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a 3.5-car or a 4-car garage. The comparables have improvement assessments ranging from \$88,077 to \$96,810 or from \$14.66 to \$16.70 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1 and #3 through #6 which are located more than one mile from the subject property.

The Board finds the best evidence of assessment equity to be appellant comparable #2 along with the board of review comparables which are more similar to the subject in location, age, design, dwelling size and some features. However each of these properties has a finished basement in contrast with the subject's unfinished basement, suggesting a downward adjustment is needed to make these properties more equitable to the subject. These best comparables have improvement assessments ranging from \$52,682 to \$96,810 or from \$9.63 to \$16.70 per square foot of living area. The subject's improvement assessment of \$89,282 or \$15.65 per square foot of living area falls within the range established by the best comparables in this record. However, after considering adjustments to the comparables for differences from the subject, the Board finds the

appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
