

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Witold Lach
DOCKET NO.: 22-21507.001-R-1
PARCEL NO.: 12-12-307-055-0000

The parties of record before the Property Tax Appeal Board are Witold Lach, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,682
IMPR.: \$22,318
TOTAL: \$29,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 999 square feet of living area. The dwelling is approximately 66 years old. Features of the dwelling include a full basement that is finished with a formal recreation room,¹ central air conditioning and a 1.5-car garage. The property has a 5,140 square foot site and is located in Norridge, Norwood Park Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparables that have the same property classification code and assessment neighborhood code as the subject. The comparables are located from

approximately 305.1 feet to 1.2 miles from the subject property and have sites that range in size from 3,630 to 5,250 square feet of land area. The comparables are improved with one-story dwellings of masonry or frame and masonry exterior construction ranging in size from 981 to 999 square feet of living area. The dwellings are from 65 to 95 years old. The comparables each have a full unfinished basement. Three comparables each have central air conditioning and either a 1.5-car or a 2-car garage. The properties sold from May 2020 to March 2022 for prices ranging from \$227,000 to \$265,000 or from \$230.69 to \$265.27 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$25,172, reflecting a market value of \$251,720 or \$251.97 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,000. The subject's assessment reflects a market value of \$290,000 or \$290.29 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that have the same property classification code and assessment neighborhood code as the subject. The comparables are located approximately ¼ of a mile from the subject and have sites that range in size from 5,166 to 5,443 square feet of land area. The comparables are improved with one-story dwellings of masonry or frame and masonry exterior construction containing either 935 or 981 square feet of living area. The dwellings are 65 or 66 years old. The comparables each have a full basement, one of which is finished with a formal recreation room. Two comparables have central air conditioning and each comparable has a 2-car garage. The properties sold from September 2019 to December 2022 for prices ranging from \$299,900 to \$315,000 or from \$305.71 to \$331.55 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #2 and board of review comparable #1 which had sale dates that occurred in 2019 or 2020, less proximate to the lien date issue than are the sale dates of other comparables in the record. The Board has also given less weight to the appellant's comparable #4 due to its considerably older dwelling age and distant location from the subject being more than one mile away.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3, along with board of review comparables #2, #3 and #4, which sold more proximate in time to the January 1, 2022, assessment date and are overall more similar to the subject in location, dwelling size, design and age. However, these five comparables have features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make them more equivalent to the subject. Nevertheless, the comparables sold from February 2021 to December 2022 for prices ranging from \$248,500 to \$315,000 or from \$253.31 to \$321.10 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$290,000 or \$290.29 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, based on this record, the Board finds a reduction in the subject's assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
