

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard La Grant
DOCKET NO.: 22-21653.001-R-1
PARCEL NO.: 01-26-300-035-0000

The parties of record before the Property Tax Appeal Board are Richard La Grant, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,529
IMPR.: \$71,613
TOTAL: \$92,142

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 4,437 square feet of living area. The dwelling is approximately 20 years old. Features of the home include an unfinished basement,¹ central air conditioning, two fireplaces and a 3-car garage. The property has an approximately 68,433 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject basement was found in the grid analysis submitted by the board of review which disclosed the subject has an unfinished basement that was not refuted by the appellant.

comparables are improved with 1-story or 1.5-story class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,268 to 4,689 square feet of living area. The homes range in age from 36 to 51 years old. Each comparable has a basement with finished area, central air conditioning, one or three fireplaces and a 1-car, a 1.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$50,750 to \$61,988 or from \$11.44 to \$13.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$57,148 or \$12.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,142. The subject property has an improvement assessment of \$71,613 or \$16.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,301 to 4,618 square feet of living area. The homes range in age from 17 to 43 years old. Each comparable has a basement, one of which has finished area. Each dwelling has central air conditioning, one or two fireplaces and from a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$76,148 to \$93,441 or from \$17.70 to \$20.34 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #3 which differ from the subject in age and finished basement area. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are more similar to the subject in location, age, dwelling size and some features. These two comparables have improvement assessments of \$89,329 and \$93,441 or \$20.23 and \$20.34 per square foot of living area. The subject's improvement assessment of \$71,613 or \$16.14 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
