

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Fletcher
DOCKET NO.: 22-21670.001-R-1
PARCEL NO.: 01-01-308-023-0000

The parties of record before the Property Tax Appeal Board are Robert Fletcher, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,017
IMPR.: \$60,442
TOTAL: \$66,459

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,897 square feet of living area and is approximately 34 years old. Features include a full basement,¹ three full bathrooms, one half bathroom, two fireplaces, and a 3-car garage. The property has a 60,178 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts from the Cook County Assessor's office which were analyzed to verify/update data in the Section V grid analysis, on five equity comparables with the same

¹ The parties differ as to the description of the subject's basement with the appellant describing it as finished with a recreation room and the board of review describing it as unfinished.

assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 3,842 to 4,206 square feet of living area. The homes range in age from 22 to 59 years old. Each comparable has a full basement with three of these having finished area, from two to four full bathrooms with four of these having an additional half bathroom, from one to three fireplaces, and from a 2-car to a 4-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$47,864 to \$60,220 or from \$12.40 to \$14.51 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,459. The subject property has an improvement assessment of \$60,442 or \$15.51 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on the same tax block as the subject property. The comparables are improved with 2-story, class 2-08 dwellings of frame or frame and masonry exterior construction ranging in size from 3,813 to 4,038 square feet of living area. The homes range in age from 22 to 43 years old. Each comparable has a full basement with three of these having finished area, either three or four full bathrooms, either one or two half bathrooms, central air conditioning, from one to four fireplaces, and from a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$60,974 to \$83,023 or from \$15.10 to \$21.61 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #5 as well as board of review comparable #3 which are less similar to the subject in age than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and #4 as well as board of review comparables #1, #2, and #4 which are overall more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in location and other features. These comparables have improvement assessments ranging from \$49,087 to \$83,023 or from \$12.63 to \$20.56 per square foot of living area. The subject's improvement assessment of \$60,442 or \$15.51 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering the necessary

adjustments to the best comparables required for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
