

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Lucca
DOCKET NO.: 22-21672.001-R-1
PARCEL NO.: 01-24-400-029-0000

The parties of record before the Property Tax Appeal Board are Richard Lucca, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,694
IMPR.: \$73,306
TOTAL: \$91,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,744 square feet of living area and is approximately 27 years old.¹ Features include a partial basement with finished area, central air conditioning, three fireplaces, and a 3-car garage. The property has an approximately 58,980 square foot site and is located in Barrington, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables with the same assessment neighborhood

¹ The parties disagree with several of the subject's property characteristics. The Board finds the best evidence of these property characteristics was the evidence presented by the board of review and unrefuted by the appellant.

code as the subject. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,284 to 4,937 square feet of living area. The dwellings range in age from 33 to 46 years old. Each comparable has a full basement with four of these having finished area, central air conditioning, from one to three fireplaces, and from a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$50,926 to \$55,676 or from \$11.27 to \$11.95 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,000. The subject property has an improvement assessment of \$73,306 or \$15.45 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,436 to 4,846 square feet of living area. The dwellings range in age from 23 to 29 years old. The comparables each have a full basement with three of these having finished area, central air conditioning, either two or three fireplaces, and from a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$74,463 to \$79,142 or from \$15.89 to \$16.86 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board accords diminished weight to the appellant's comparables #3 and #5 as well as board of review comparable #1 which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in basement finish and other features. These comparables have improvement assessments ranging from \$53,188 to \$79,142 or from \$11.27 to \$16.86 per square foot of living area. The subject's improvement assessment of \$73,306 or \$15.45 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
