

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kosta Apostolopoulos
DOCKET NO.: 22-21807.001-R-1
PARCEL NO.: 01-27-101-001-0000

The parties of record before the Property Tax Appeal Board are Kosta Apostolopoulos, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,607
IMPR.: \$57,163
TOTAL: \$71,770

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,526 square feet of living area and is approximately 50 years old. Features include a full basement,¹ three fireplaces, and a 4-car garage. The property has a 48,691 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-08 dwellings of

masonry or frame and masonry exterior construction ranging in size from 4,160 to 4,904 square feet of living area. The dwellings range in age from 33 to 40 years old. Each comparable has a full basement with four of these having finished area, either one or two fireplaces, and either a 3-car or a 3.5-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$42,000 to \$46,187 or from \$8.56 to \$10.46 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,770. The subject property has an improvement assessment of \$57,163 or \$12.63 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,423 to 4,561 square feet of living area. The dwellings range in age from 35 to 42 years old. The comparables each have a full basement with one of these having finished area, central air conditioning, from one to three fireplaces, and a 3-car garage. The comparables have improvement assessments ranging from \$51,228 to \$68,679 or from \$11.58 to \$15.43 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds each of the parties' comparables to be similar to the subject in location, design/class, and dwelling size with varying degrees of similarity in age, basement finish, and other features. These comparables have improvement assessments ranging from \$42,000 to \$68,679 or from \$8.56 to \$15.43 per square foot of living area. The subject's improvement assessment of \$57,163 or \$12.63 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
