

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Soma Sarangmath
DOCKET NO.: 22-21815.001-R-1
PARCEL NO.: 01-28-415-002-0000

The parties of record before the Property Tax Appeal Board are Soma Sarangmath, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,734
IMPR.: \$59,520
TOTAL: \$72,254

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,348 square feet of living area and is approximately 15 years old. Features include a full basement,¹ two full bathrooms, one half bathroom, central air conditioning, one fireplace, and a 3-car garage. The property has an 18,192 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts from the Cook County Assessor's Office which were analyzed to

¹ The parties differ as to the description of the subject's basement with the appellant describing it as finished with a recreation room and the board of review describing it as unfinished.

verify/update data in the Section V grid analysis, on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 3,018 to 3,557 square feet of living area. The homes range in age from 36 to 51 years old. Each comparable has a full basement with three of these having finished area, either two or three full bathrooms, one half bathroom, either one or two fireplaces, and either a 2-car or a 3-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$25,500 to \$38,000 or from \$8.45 to \$11.37 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,254. The subject property has an improvement assessment of \$59,520 or \$17.78 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located ¼ of a mile from the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 3,239 to 3,374 square feet of living area. The homes are each 15 years old. Each comparable has a full basement, either two or three full bathrooms, one half bathroom, central air conditioning, one fireplace, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$63,857 to \$73,873 or from \$19.12 to \$22.78 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age than the board of review comparables.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall more similar to the subject in location, design/class, age, and other features. These comparables have improvement assessments ranging from \$63,857 to \$73,873 or from \$19.12 to \$22.78 per square foot of living area. The subject's improvement assessment of \$59,520 or \$17.78 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
