

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pardeep Bhanot
DOCKET NO.: 22-21821.001-R-1
PARCEL NO.: 01-11-302-012-0000

The parties of record before the Property Tax Appeal Board are Pardeep Bhanot, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,780
IMPR.: \$64,220
TOTAL: \$86,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 4,632 square feet of living area and is approximately 27 years old. Features include a full basement,¹ three full bathrooms, two half bathrooms, central air conditioning, two fireplaces and a 4-car garage. The property has a 217,800 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The appellant

¹ The parties disagree as to the subject's basement with the appellant reporting a full basement with finished area and the board of review reporting the subject's basement to be unfinished.

did not disclose the proximity of the comparables to the subject. Evidence also included property characteristics printouts from the Cook County Assessor's Office which were analyzed to verify/update data in the Section V grid analysis. The comparables are improved with 2-story, class 2-08 dwellings of frame or frame and masonry exterior construction ranging in size from 4,405 to 4,996 square feet of living area. The homes are either 22 or 38 years old. Each comparable has a full basement with finished area, either two or three full bathrooms, one half bathroom, central air conditioning, either one or two fireplaces, and from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$44,007 to \$53,610 or from \$9.98 to \$10.75 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,000. The subject property has an improvement assessment of \$64,220 or \$13.86 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. One comparable is also on the same street as the subject. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,805 to 4,939 square feet of living area. The homes range in age from 18 to 45 years old. Each comparable has a full basement with two of these having finished area, either three or five full bathrooms with three of these also having one half bathroom, central air conditioning, either one or three fireplaces, and from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$73,502 to \$83,599 or from \$15.02 to \$17.33 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #5 as well as board of review comparables #2, #3, and #4 which are less similar to the subject in age than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #4 as well as board of review comparable #1 which are more similar to the subject in design/class, age, and dwelling size with varying degrees in bathroom count, basement finish, and other features requiring appropriate adjustments for differences from the subject to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$44,007 to \$74,990 or from \$9.98 to \$15.18 per square foot of living area. The subject's

improvement assessment of \$64,220 or \$13.86 per square foot of living area falls within the range established by the best comparables in this record. After considering the necessary adjustments to the best comparables required for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
