

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amitava Das
DOCKET NO.: 22-21942.001-R-1
PARCEL NO.: 01-21-206-006-0000

The parties of record before the Property Tax Appeal Board are Amitava Das, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,179
IMPR.: \$84,604
TOTAL: \$106,783

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 6,153 square feet of living area and is approximately 14 years old. Features include a full basement with finished area, five full bathrooms, two half bathrooms, central air conditioning, three fireplaces, and a 2-car garage. The property has a 221,799 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The evidence also includes property characteristics printouts from the Cook County Assessor's Office which were analyzed to verify/update data in the Section V grid analysis. The comparables are improved with 2-story, class 2-09 dwellings of frame, masonry, or frame and masonry exterior construction

ranging in size from 5,637 to 6,591 square feet of living area. The dwellings range in age from 22 to 42 years old. The comparables each have a full basement, three of which have finished area. Each comparable has from three to five full bathrooms with three of these also having one or two half bathrooms, central air conditioning, from one to three fireplaces, and from a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$54,768 to \$63,248 or from \$9.40 to \$10.37 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,783. The subject property has an improvement assessment of \$84,604 or \$13.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-09 dwellings of masonry exterior construction ranging in size from 6,298 to 9,514 square feet of living area. The dwellings range in age from 11 to 22 years old. The comparables each have a full basement, two of which have finished area. Each comparable has from four to six full bathrooms, one or two half bathrooms, central air conditioning, two or four fireplaces, and a 4-car garage. The comparables have improvement assessments ranging from \$107,200 to \$191,220 or from \$15.13 to \$20.10 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 which are substantially older homes than the subject, being 20 to 31 years older than the subject. The Board also gives less weight to board of review comparables #2 and #3 which are substantially larger homes than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and board of review comparable #1 which are overall more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments of \$62,220 to \$107,200 or \$10.37 to \$17.02 per square foot of living area, respectively. The subject's improvement assessment of \$84,604 or \$13.75 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, including but not limited to age, the Board finds the evidence in this record does not support a reduction in the subject's assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
