

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ed Gray
DOCKET NO.: 22-22049.001-R-1
PARCEL NO.: 16-29-301-012-0000

The parties of record before the Property Tax Appeal Board are Ed Gray, the appellant(s), by attorney Nora Devine, of The Devine Law Group, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,095
IMPR.: \$7,905
TOTAL: \$14,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 105-year-old, 1.5-story dwelling of frame and masonry construction with 726 square feet of living area. A feature of the property is a two-car garage. The property has a 5,670 square foot site located in Berwyn, Berwyn Township, Cook County. The property is a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance. The appellant disclosed that the subject property was owner-occupied during the lien year.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the inequity argument, the appellant submitted information on four suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as masonry or frame and masonry construction, one-story dwellings. They range in age from 97 to 105 years; in size from 736 to 849 square feet of living area; and an improvement

assessment from \$13.47 to \$14.98 per square foot of living area. These properties have one bathroom. The suggested comparable properties are located within a .39-mile radius of the subject property. The appellant requested the subject's total assessment be reduced to \$14,000.

In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$140,000 as of January 1, 2021. The appraisal was prepared by Agnes Jurowska, a licensed certified residential real estate appraiser. The appraisers relied on the sales comparison approach in their evaluation. For the sales comparison approach, the appraiser used sales of four comparable properties in Berwyn, IL that took place between January 2020 and December 2020 for amounts ranging from \$129,900 to \$179,900, or from \$96.51 to \$250.72 per square foot of living area, land included in the sales prices. The appraiser adjusted the sales prices to account for differences between the subject and the comparables. Photographs of the subject dwelling's exterior and interior were included with the appraisal.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,428. The subject's assessment reflects a market value of \$184,280 or \$253.83 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%. The subject property has an improvement assessment of \$12,334 or \$16.99 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on eight suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame or masonry construction, one-story dwellings. They range in age from 94 to 112 years; in size of 759 to 982 square feet of living area; and an improvement assessment ranging from \$14.63 to \$19.75 per square foot of living area. These properties have a crawl space, partial or full basements. The properties are located within a ¼-mile radius of the subject property. The board of review requested that the assessment be confirmed.

In support of the assessment, the board of review submitted information about sales of five suggested comparable properties. The suggested comparables were sold between June 2020 and September 2022 for amounts ranging from \$1 to \$305,000 or between \$0 and \$353.54 per square foot of living area, land included in the sales prices.

In rebuttal, the appellant submitted the Multiple Listing Service (MLS) data sheets for four of the board of review's suggested comparables and pointed out characteristic differences to the subject. The appellant reaffirmed its position that the 2022 assessed value for the subject property is excessive and that the total assessment should be reduced.

On November 20, 2025, prior to the scheduled hearing date, both parties agreed to waive the hearing and have the Board render its decision based on the evidence.

Conclusion of Law

The Property Tax Appeal Board finds that the assessment as established by the Board for the 2021 tax year should be carried forward to the tax year at issue subject only to equalization as provided by section 16-185 of the Property Tax Code.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review. 35 ILCS 200/16-185.

Additionally, section 10-15 of the Illinois Administrative Procedure Act states: "Standard of proof. Unless otherwise provided by law or stated in the agency's rules, the standard of proof in any contested case hearing conducted under this Act by an agency shall be the preponderance of the evidence." 5 ILCS 100/10-15. The Board takes official notice that under 21-21476.001-R-1, it rendered a decision lowering the subject's assessment for tax year 2021 (86 Ill.Admin.Code §1910.90(i)), and that tax year 2021 and the instant tax year of 2022 are in the same general assessment period for Berwyn Township. The Board further finds that the subject is owner-occupied based on the appellant's statement in Section II of the 2022 appeal form, which states that the subject is owner-occupied. The record contains no evidence indicating that the subject sold in an arm's-length transaction subsequent to the Board's decision for the 2021 tax year, or that the Board's decision for the 2021 tax year was reversed or modified upon review. For these reasons the Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's 2021 tax year decision, plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
