

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Nahigian
DOCKET NO.: 22-22337.001-R-1
PARCEL NO.: 05-27-407-009-0000

The parties of record before the Property Tax Appeal Board are Jack Nahigian, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,575
IMPR.: \$95,550
TOTAL: \$121,125

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,776 square feet of living area. The home is approximately 81 years old. Features include a full basement, one fireplace, and a 2-car garage. The property has a 9,300 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry exterior construction ranging in size from 2,623 to 3,282 square feet of living area. The homes range in age from 65 to 97 years old. Each comparable has a full or partial basement, one or two fireplaces, and from

a 1-car to a 2-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$76,545 to \$102,063 or from \$28.73 to \$34.76 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated March 27, 2023 for the 2022 tax year disclosing the subject has a total assessment of \$121,125. The Residential Appeal petition filed by the appellant also disclosed that the subject has an improvement assessment of \$95,550 or \$34.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry exterior construction ranging in size from 2,648 to 3,126 square feet of living area. The homes range in age from 101 to 104 years old. The comparables each have a full or partial basement and one fireplace. Two comparables each have central air conditioning. Three comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$113,697 to \$164,960 or from \$42.94 to \$52.77 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2, #3, and #5 as well as board of review comparables #1, #2, and #3 which feature central air conditioning, unlike the subject, and/or are less similar to the subject in dwelling size than other comparables in this record. Further, board of review comparable #3 lacks a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #4 which are overall more similar to the subject in location, class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$93,425 and \$113,697 or \$33.14 and \$42.94 per square foot of living area respectively. The subject's improvement assessment of \$95,550 or \$34.42 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
