

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arthur Avery
DOCKET NO.: 22-22419.001-R-1
PARCEL NO.: 27-02-213-008-0000

The parties of record before the Property Tax Appeal Board are Arthur Avery, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,352
IMPR.: \$39,612
TOTAL: \$48,964

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 3,312 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 3-car garage. The property has a 15,587 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables, one of which has the same assessment neighborhood code as the subject and located from .3 to 3.3 miles away from the subject. The comparables are class 2-04 properties improved with 1-story or 1.5-story dwellings of masonry exterior construction ranging in size

from 3,327 to 3,428 square feet of living area. The dwellings are 31 to 30 years old and have full basements. Each comparable has central air conditioning and a 3-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$34,211 to \$38,344 or from \$10.00 to \$11.53 square feet of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,964. The subject property has an improvement assessment of \$39,612 or \$11.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within same block or ¼ of a mile from the subject. The comparables are class 2-04 properties improved with 1-story or 1.5-story dwellings of masonry exterior construction ranging in size from 3,023 to 3,536 square feet of living area. The homes are 19 years old. Three comparables have full basements and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace and a 3-car garage. The comparables have improvement assessments ranging from \$36,159 to \$43,330 or from \$11.96 to \$12.64 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #3 due to differences in age and/or location when compared to the subject. The Board gives less weight to board of review comparable #2 due to lack of a basement when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparable #2 along with board of review comparables #1, #3 and #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$34,970 to \$43,330 or from \$10.20 to \$12.64 per square foot of living area. The subject's improvement assessment of \$39,612 or \$11.96 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
