

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brendan Cashman  
DOCKET NO.: 22-22462.001-R-1  
PARCEL NO.: 05-17-401-015-0000

The parties of record before the Property Tax Appeal Board are Brendan Cashman, the appellant, by attorney Daniel G. Pikarski, of Gordon & Pikarski, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,420  
**IMPR.:** \$123,580  
**TOTAL:** \$173,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2.5-story dwelling of masonry exterior construction with approximately 5,685 square feet of living area. The dwelling is approximately 107 years old. Features of the home include a basement with finished area, central air conditioning, 5½ bathrooms, two fireplaces and two garages with a total capacity of three-cars. The property has a 14,976 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal prepared by Ibi Cole, MAI, AI-GRS and a Certified General Real Estate Appraiser. Using the sales comparison approach, the appraiser estimated the subject property had a market value of \$1,730,000 as of January 1, 2022.

Cole analyzed six sales of comparable properties which are located from .26 to .47 of a mile from the subject. The parcels range in size from 17,861 to 53,361 square feet of land area which are each improved with a class 2-09 two or more story dwelling of stucco or masonry exterior construction. The comparable sales range in age from 32 to 103 years old and range in size from 4,636 to 7,256 square feet of living area. The comparables sold from August 2020 to May 2022 for prices ranging from \$2,075,000 to \$2,900,000, including land. After applying adjustments for various differences in characteristics when compared to the subject, Cole concluded adjusted sales prices ranging from \$2,090,000 to \$2,850,000 or from \$309.38 to \$501.51 per square foot of living area, including land.

Based on the foregoing data and the appraiser's opinion that the subject property fell toward "the lower end of the spectrum in terms of size, but lacks many of the on-site and interior amenities and updated condition of comparable sales," Cole opined a market value for the subject at \$300 per square foot based on dwelling size. Cole also performed an analysis based on a single dwelling unit concluding a value of \$1,700,000. As detailed on page 106 of the appraisal, Cole next reconciled the two conclusions determine a total value of \$1,730,000, including land. The appellant requested a total assessment reflective of the appraised value of the subject.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the final decision disclosing the total assessment for the subject of \$206,049. The subject's assessment reflects a market value of \$2,060,490, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties located in the same neighborhood code as the subject along with assessment data. None of the comparables depict sales data (i.e., fails to address the appellant's market value argument). Based on the foregoing submission, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best and only evidence of market value in the record is the appraisal submitted by the appellant depicting an opinion of value as of the valuation date of \$1,730,000, including land. The board of review failed to either provide any comparable sales to contradict the appraisal conclusion and/or to provide any evidence critical of the data utilized in the appraisal and/or the methodology employed by the appraiser to seek to discredit the appraisal as a reliable indicator of value for the subject property. The subject's assessment reflects a market

value of \$2,060,490, including land, which is above the appraised value conclusion of \$1,730,000, including land.

Based on this limited record with the only evidence of market value in the record was presented by the appellant, the Board finds the subject property had a market value of \$1,730,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply and a reduction in the subject's assessment commensurate with the appellant's request is warranted. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
